## PROJECTS

### MudraFinance9 (06/2023 - 06/2023)

- Led Mudra Finance's development with seamless CRM integration, responsive UIs for desktop and mobile, and robust Android APIs. Leveraged PHP, MySQL, AJAX, and API expertise to propel the success of the financial platform.

### OnetoNine (07/2023 - Present)

- Instrumental in developing the OnetoNine pregnancy app, leading the nurse web panel, database design, admin panel, and app development. Enabled seamless data flow and API integration, utilizing PHP, MySQL, and Java to provide pregnant women direct access to gynecological care on web and app platforms.

### Baap-Shop (01/2024 - 02/2024)

- A pioneering eCommerce venture developed solely by me, harnessing PHP, PHP in OOPs, MySQL, and AJAX. It boasts seamless CRM & CMS Integration, a dedicated Vendor Panel, and advanced eCommerce features, showcasing my dedication to elevating the online shopping experience.

### Rahasyam (02/2024 - 03/2024)

- A solo-built chat app utilizing Java for architecture, PHP for API integration, and sockets for real-time messaging. With advanced security like asymmetric cryptography and pin-based login, it offers personalized and group chats, voice calling via Zegocloud, and efficient admin controls for user management. Rahasyam sets new standards in secure, interactive communication, innovatively crafted to redefine the chat experience.
